

The funding has been provided to ensure impact against the following **OBJECTIVE**:

### **Evidencing the Impact of Primary PE and Sport Premium -Abbey Primary School**

Vision for the Primary PE and Sport Premium

**ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

**It is expected that schools will see an improvement against the following 5 key indicators:**

1. the engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Under the [Ofsted Schools Inspection Framework 2015](#), inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively [governors](#) hold them to account for this. Schools are required to [publish details](#) of how they spend this funding and the effect it has had on pupils' PE and sport participation and attainment.

Schools must include the following:

- how much PE and sport premium funding you receive for the academic year
- a full breakdown of how you've spent or will spend the funding this year
- the effect of the premium on pupils' PE and sport participation and attainment
- how you will make sure these improvements are sustainable

Improvements should enhance, rather than maintain existing provision. For example, where schools are using their funding to employ specialist coaches, these should be deployed alongside class teachers rather than displacing them, in order for their impact to be sustainable and to enable the upskilling of existing teachers.

Primary PE and Sport premium planning and actions should show how use of funding contributes to this vision through identified school priorities which can be measured through reference to key outcome indicators. It is important that the main drivers for improvement are those identified by the school through their self-review. Each school should aim to achieve the following objective:

### HOW TO USE THE PRIMARY PE AND SPORT PREMIUM

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, you can use your funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- perform safe self-rescue in different water-based situations.
